

Ruckus Grant Project for SMHS

Information provided by Ruckus:

"We ultimately want to give a free classroom of furniture to a school that is looking to change their style of teaching and culture within the school. This is for shipment in December over Xmas break. Deadline for applications are August 11th with 9 grants being awarded for shipment at the end of this year. We will work with the school and provide furniture from the Ruckus product line to match what is going on in their classroom.

We will then come back to the school to interview teachers and students and learn about their experience with all new flexible furniture sometime in the spring. The school can keep the furniture if they like at no cost. Again we are looking for how new flexible furniture can help with learning in the classroom.

This could be a K12 or higher education account. So please get back to me if you have any further questions and please feel free to forward this invitation to any school that you feel would be a great candidate for this program.

HINT: KI is looking for customers to brag about their school, the students and the progressive Pedagogy styles they have or would like to have in the future."
