

Dollar General Literacy Grants

Dollar General Literacy Foundation grant request.

RSU 24 Adult Education is requesting permission to submit an application to the Dollar General Literacy Foundation. Our goal is to develop a volunteer tutor program modeled after Literacy Volunteers. This would help us expand services to learners with transportation/scheduling challenges and ESOL learners.

I've talked with Bangor Lit. Volunteers, as well as locally, about partnerships. We would provide a 6 - 8 session tutor training, as well as continuing support and workshops. The maximum grant request is \$15,000, but I believe that we would request less than that, as we will match the grant amount 50/50 from our present budget.
